## Opportunities for Individuals

### Josiah Venture Summer Intern

End of May-Beginning of August

**Vision:** A movement of God among the youth of Eastern Europe that finds its home in the local church and transforms society.

**Mission:** To equip young leaders in Eastern Europe to fulfill Christ's commission through the local church.

### CP Sapling

2-8 weeks

CP Sapling exists to partner with families with children with disabilities. In our country of service, there is no insurance to help with medical costs, there are few government programs to help with children with disabilities, and society often tells the parents of these children to just abandon them-let the government take care of the child. These factors encourage many families to abandon those disabled children. Due to this, many of the children in the orphanages are children with disabilities that have been abandoned. However, there are parents that have decided to keep their children in spite of these negative factors. CP Sapling seeks to partner with these families to encourage them in the difficult, but morally correct decision to keep their child with disabilities.

## Summer 2012 Short Term Mission Teams

# Sao Paulo, Brazil

May 12-21, 2012  
Cost: \$2,400

Imagine living in the world's third largest city as one of the few people with the assignment to reach its hundreds of thousands of college students for Christ. Many of these students have grown up with distrust or apathy toward religion. International World Changers will team up with a church-based ministry in Sao Paulo to build sincere relationship with Brazilian students and host an event called "Zoe Fest." Zoe Fest is an outdoor outreach event that draws in hundreds of students and features live music, games, and food.

## Czech Republic

July 17-August 1, 2012  
Cost: \$2,400

Twenty years ago freedom swept through Eastern Europe, an entire region of the world broke free from communism. Now a new generation is coming of age, one that cannot even remember the oppression. Their parents never imagined a world like this. But they still don't know Jesus, less than 1% claim Jesus as their Lord and Savior, on average there is only one small youth group for every 8,000 young people. This generation waits to hear the message of salvation; they wait for it to transform their lives.

Our team will be involved in leading an evangelistic English camp for Czech high school students. The English camps are a vital tool for bringing the gospel to the youth in a relevant and relaxed environment. We will be involved in youth ministry training-related activities leading up to the camp. We will also experience a balance of evangelism, discipleship, and leadership training with Czech students and youth leaders. This is a high-energy ministry, so you will need to be prepared for a busy and draining schedule, BUT it will be one of the most rewarding experiences of your life! A passion for youth ministry and reaching non-Christian students is a must. This is a spiritually, emotionally, and physically demanding trip; we need to be prepared to work hard the entire time, with limited downtime.
